The cost of solicitation by management of the Company will be borne by the Company.

Currency

Financial information contained in this Circular is in Canadian dollars unless otherwise indicated.

RECORD DATE

The directors of the Company have set the close of business on May 8, 2018 as the record date (the "Record Date") for determining which shareholders shall be entitled to receive notice of and to vote at the Meeting. Only shareholders of record as of the Record Date shall be entitled to receive notice of and to vote at the Meeting, unless after the Record Date a shareholder transfers his or her common shares and the transferee (the "Transferee"), upon establishing that the Transferee owns such common shares, requests in writing, at least 10 days prior to the Meeting or any adjournments thereof, that the Transferee may have his or her name included on the list of shareholders entitled to vote at the Meeting, in which case, the Transferee is entitled to vote such shares at the Meeting. Such written request by the Transferee shall be sent to the Company's corporate secretary at the following address: Suite 1700, Park Place, 666 Burrard Street, Vancouver, British Columbia, Canada, V6C 2X8.

APPOINTMENT AND REVOCATION OF PROXIES

The enclosed Proxy is solicited by and on behalf of management of the Company. The persons named in the enclosed Proxy form are management-designated proxyholders. A registered shareholder desiring to appoint some other person (who need not be a shareholder) to represent the shareholder at the Meeting may do so either by inserting such other person's name in the blank space provided in the Proxy form or by completing another form of Proxy. The completed Proxy should be delivered to Computershare Investor Services Inc. ("Computershare") by 12:00 noon (Eastern Time) on June 11, 2018, a minimum of 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting at which the Proxy is to be used or may be accepted by the chairman of the Meeting prior to the commencement of the Meeting.

Revocation of Proxies

A registered shareholder who has given a Proxy may revoke it by an instrument in writing that is:

- (a) received at the registered office of the Company (Suite 1700, Park Place, 666 Burrard Street, Vancouver, BC V6C 2X8) at any time up to 5:00 p.m. Pacific time on the last business day before the day set for the holding of the meeting at which the proxy is to be used, or

- (b) provided to the chair of the meeting, at the meeting of shareholders, before any vote in respect of which the proxy is to be used shall have been taken or in any other manner provided by law.

Non-Registered Holders who wish to revoke a voting instruction form or a waiver of the right to receive proxy-related materials should contact their Intermediaries for instructions.

ADVICE TO BENEFICIAL SHAREHOLDERS OF COMMON SHARES

Non-Registered Holders

Only registered holders of Common Shares or the persons they appoint as their proxyholders are permitted to vote at the Meeting. In many cases, however, Common Shares beneficially owned by a holder (a "Non-Registered Holder") are registered either:

- (a) in the name of an Intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (CDS)) of which the Intermediary is a participant.

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Company are referred to as "NOBOs". Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Company are referred to as "OBOs".

Pursuant to National Instrument 54-101 ("NI 54-101") of the Canadian Securities Administrators, the Company is distributing copies of proxy-related materials in connection with this Meeting (including this Circular) indirectly to Non-Registered Holders.

The Company is not relying on the notice and access delivery procedures outlined in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

Intermediaries which receive the proxy-related materials are required to forward the proxy-related materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries often use service companies to forward the proxy-related materials to Non-Registered Holders.

The Company will not be paying for Intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of the proxy-related materials and related documents. Accordingly, an OBO will not receive copies of the proxy-related materials and related documents unless the OBO's Intermediary assumes the costs of delivery.

Generally, Non-Registered Holders who have not waived the right to receive proxy-related materials (including OBOs who have made the necessary arrangements with their Intermediary for the payment of delivery and receipt of such proxy-related materials) will be sent a voting instruction form which must be completed, signed and returned by the Non-Registered Holder in accordance with the Intermediary's directions on the voting instruction form. In some cases, such Non-Registered Holders will instead be given a proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of common shares of the Company ("Common Shares") beneficially owned by the Non-Registered Holder but which is otherwise not completed. This form of Proxy does not need to be signed by the Non-Registered Holder, but, to be used at the Meeting, needs to be properly completed and deposited with Computershare Investor Services Inc. as described under "Solicitation of Proxies".

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares that they beneficially own. Should a Non-Registered Holder wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form.

Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies, including instructions regarding when and where the voting instruction form or Proxy form is to be delivered.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

Common Shares represented by a shareholder's Proxy form will be voted or withheld from voting in accordance with the shareholder's instructions on any ballot that may be called for at the Meeting and, if the shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of any instructions, the proxy agent named on the Proxy form will cast the shareholder's votes in favour of the passage of the resolutions set forth herein and in the Notice of Meeting.**

The enclosed Proxy form confers discretionary authority upon the persons named therein with respect to (a) amendments or variations to matters identified in the Notice of Meeting and (b) other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting.

All references to shareholders in this Circular and the accompanying instrument of proxy and Notice of Meeting are to registered shareholders of the Company as set forth on the list of registered shareholders of the Company as maintained by the registrar and transfer agent of the Company, Computershare, unless specifically stated otherwise.

APPROVAL OF RESOLUTIONS

The Company's articles provide that a quorum for the transaction of business at a meeting of shareholders is, subject to special rights and restrictions attached to the shares of any class or series of shares, one person present in person or by proxy. A simple majority of the votes cast at the Meeting (in person or by proxy) is required in order to pass the resolutions referred to in the accompanying Notice of Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company has an authorized capital of an unlimited number of Common Shares without par value. As at the date of this Circular, 91,284,712 common shares without par value were issued and outstanding, each such share carrying the right to one (1) vote at the Meeting. The Company has no other class of voting securities. The Record Date has been fixed in advance by the directors of the Company as May 8, 2018 for the purpose of determining those shareholders entitled to receive notice of, and to vote at the Meeting.

To the knowledge of the directors and senior officers of the Company, the beneficial owners or persons exercising control or direction over voting securities carrying more than 10% of the voting rights attached to the voting securities of the Company are:

To the knowledge of the Company, no proposed director:

- a) is at the date of this Circular, or has been, within 10 years before the date of this Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that:
 - (i) was subject, to a cease trade or similar order or an order that denied the relevant company access to any exemptions under securities legislation, that was in effect for a period of more than 30 consecutive days (collectively, an "Order"); when such Order was issued while the person was acting in the capacity of a director, chief executive office or chief financial officer of the relevant company; or
 - (ii) was subject to an Order for that was issued after such person ceased to be a director, chief executive officer or chief financial officer of the relevant company, and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive office or chief financial officer of the relevant company; or

- c) has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director; or

- e) has been subject to any penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable securityholder in deciding whether to vote for a proposed director.

As GT Gold is a reporting company, the Company's directors are required to appoint an audit committee from their number. **Taj Singh, Kevin Keough and John Pallot** are the three directors who comprise the audit committee, with Taj Singh acting as Chairman. John Pallot and Taj Singh are independent members of the audit committee, while Kevin Keough is not independent. All members of the audit committee are financially literate.

Appointment of Auditors

The persons named in the enclosed instrument of proxy intend to vote for the appointment of Davidson & Company LLP, Chartered Professional Accountants ("Davidson & Co."), as the Company's auditor until the next annual general meeting of shareholders at remuneration to be fixed by the Board.

Management recommends that the shareholders of the Company approve the appointment of Davidson & Co., as auditors for the Company.

Unless instructions are given to abstain from voting with regard to the appointment of the auditors, it is the intention of management nominees to vote FOR the appointment of Davidson & Co. as auditors of the Company.

Ratification and Approval of Stock Option Plan

GT Gold has adopted a "rolling" Stock Option Plan (the "Stock Option Plan") which permits the Company to issue incentive stock options to eligible persons provided that the number of Common Shares reserved for issuance on the exercise of options granted under the plan ("GT Gold Options") does not exceed 10% of the issued and outstanding Common Shares at the time of any option grant.

In accordance with the policies of the TSX Venture Exchange (the "Exchange"), stock option plans with a rolling 10% maximum must be confirmed by shareholders at each annual general meeting, and the Stock Option Plan is subject to annual Exchange acceptance. Shareholders will be asked to consider, and if thought fit, to approve a resolution ratifying and approving the Company's existing Stock Option Plan.

The purpose of the Stock Option Plan is to attract and retain employees, consultants, officers and directors and motivate them to advance the interests of GT Gold by affording them with the opportunity, through share options, to acquire an equity interest in GT Gold and benefit from its growth.

The Stock Option Plan authorizes the Board, in its absolute discretion, to grant stock options to directors, officers, employees or consultants on such terms, limitations, conditions and restrictions as it deems necessary and advisable. Under the Stock Option Plan, the number of Common Shares reserved for issuance to any one individual in a 12-month period may not exceed 5% of the issued and outstanding Common Shares, and the number of Common Shares reserved for issuance to consultants may not exceed 2% of the issued and outstanding Common Shares. The Stock Option Plan contains no vesting requirements except as to options granted to persons engaged in Investor Relations Activities (as defined in the Stock Option Plan), but permits the Board to specify a vesting schedule for any GT Gold Options granted under the Stock Option Plan at its discretion.

GT Gold Options may be granted with a maximum term of ten years. GT Gold Options may be exercised for the greater of the term of the option and 90 days following cessation of the optionee's position with GT Gold, provided that if the cessation of office, directorship, consulting arrangement or employment is by reason of death, the option may be exercised within a maximum period of one year after such death, subject to the earlier expiry date of such option. In the situation of options granted to persons engaged in Investor Relations Activities, the options granted to this individual will expire 30 days following the optionee ceasing to provide such services.

The exercise price of any options granted under the Stock Option Plan will be determined by the Board, in its discretion, but shall not be less than the closing price of the Common Shares on the day preceding the date of grant, less any discount permitted by the Exchange. GT Gold Options granted under the Stock Option Plan shall not be subject to any resale restrictions imposed by the Exchange unless granted to directors or officers or at the maximum discount permitted by the Exchange.

GT Gold Options are non-assignable and non-transferable (subject to options being exercisable by the optionee's heirs or administrator). The number of Common Shares reserved for option and the exercise price payable for the Common Shares subject to such option shall be adjusted appropriately in the event of any consolidation, subdivision, conversion or exchange of the Common Shares. The Stock Option Plan requires annual shareholder approval.

The full text of the Stock Option Plan will be available for review at the Meeting and will be supplied free of charge to Shareholders upon written request made directly to the Company at its registered & records office located at Suite 1700, Park Place, 666 Burrard Street, Vancouver, BC V6C 2X8. Attention: President & CEO.

Accordingly, at the Meeting, GT Gold shareholders will be asked to pass an ordinary resolution ratifying the Stock Option Plan. All GT Gold shareholders present at the Meeting, whether in person or by proxy, will be entitled to vote on such resolution as follows:

Shareholder Approval of Stock Option Plan

"RESOLVED, as an ordinary resolution that:

1. the Company's Stock Option Plan be ratified, confirmed and approved, subject to acceptance by the Exchange;
2. the Company be authorized to grant stock options pursuant and subject to the terms and conditions of the Plan at any time to a maximum of 10% of the issued and outstanding shares of the Company on the applicable grant date;
3. the Board of Directors be authorized on behalf of the Company to make any amendments to the Stock Option Plan as may be required by regulatory authorities, without further approval of the Shareholders of the Company, in order to ensure adoption of the Stock Option Plan; and
4. any one or more directors and officers of the Company be authorized and directed to perform all such acts and deeds and things and execute, under seal of the Company or otherwise, all such documents, agreements and other writings as may be required to give effect to the true intent of these resolutions."

Unless otherwise instructed, the person named in the enclosed proxy or voting instruction form intends to vote such proxy or voting instruction form in favour of the approval of the Plan. The directors of the Company recommend that shareholders vote in favour of the approval of the Plan. To be adopted, this resolution is required to be passed by the affirmative vote of a majority of the votes cast on the resolution.

OTHER BUSINESS

While management of the Company is not aware of any business other than that mentioned in the Notice of Meeting to be brought before the Meeting for action by the shareholders, it is intended that the proxies hereby solicited will be exercised upon any other matter or proposal that may properly come before the Meeting, or any adjournment thereof, in accordance with the discretion of the persons authorized to act thereunder.

Grants and Exercises of Compensation Securities by Directors and NEOs

Incentive stock options are the only compensation securities issued by the Company.

No option-based awards were granted to NEO's and directors of the Company during the most recently completed financial year ended December 31, 2017.

During the most recently completed year end December 31, 2017 there was no exercise of compensation securities by directors or NEOs.

Stock Option Plan

The Company's Stock Option Plan provides that the maximum number of options eligible for issuance under the Stock Option Plan is equal to 10% of the number of Common Shares of the Company outstanding from time to time. As this plan is considered a "rolling plan", under Exchange policies it requires approval by the shareholders of the Company on an annual basis, which will be sought at the Meeting. Please refer to "Particulars of Other Matters to be Acted Upon – Ratification and Approval of Stock Option Plan" for further details.

Management Agreements

No management functions of the Company are performed by a person other than the Board or the NEOs of the Company.

Termination and Change of Control Benefits

The Company does not have any arrangements in place for the provision of termination or change of control benefits, nor any pension or retirement plan, applicable to the NEOs. The Company has not provided compensation, monetary or otherwise, during the most recently completed financial year to December 31, 2017, to any person who now or previously has acted as a NEO of the Company, in connection with or related to the retirement, termination or resignation of such person, and the Company has provided no compensation to any such person as a result of a change of control of the Company. The Company is not party to any compensation plan or arrangement with a NEO resulting from the resignation, retirement or termination of employment of any such person, except as otherwise disclosed herein.

Oversight and Description of Director and NEO Compensation

The Company does not have a formal compensation program. The Governance and Compensation Committee determines executive compensation from time to time. The Company's officers in most cases are compensated based on daily or fixed monthly amounts and are (or were) paid either directly (Kevin M. Keough, CEO, K. Tracy Albert, former CFO, Mark Santarossa, CFO), or indirectly (Jo-Anne Archibald, Corporate Secretary, and Charles J. Greig, Vice President, Exploration) through professional management and consulting companies in which they are owners, contractors or employees.

In establishing fees or salaries for the Company's CEO, other executive officers and directors, consideration is given to salary ranges for comparable positions in similar size resource industry companies. Data for such comparisons is obtained from the evaluation of compensation against industry peers including those with a similar market capitalization, in the business of exploring for similar minerals in similar jurisdictions, and from reviewing similar other companies' compensation information included in their information circulars. In setting salaries within competitive ranges, the Company considers performance related factors including the Company's overall results during the past year and its performance relative to a budgeted plan or stated objectives. Consideration also is given to an individual's contribution to the Company and the accomplishments of departments for which that officer has management responsibility, and the potential for future contributions to the Company.

In keeping with the relatively simple compensation structure adopted by most venture issuers, the Company's executive compensation for its executive officers has two primary components, cash compensation and incentive stock options.

Director Compensation

The Company currently pays a flat annual retainer fee of \$50,000 to the Chairman of the Board of Directors. Independent director Taj Singh receives an annual retainer fee of \$35,000 to reflect his role as Chair of the Audit Committee. Independent directors John Pallot and Charles Tarnocai each receive annual retainer fees of \$25,000. In addition, the directors are reimbursed for expenses incurred in carrying out their duties as directors and are granted stock options. See *Securities Authorized for Issuance Under Equity Compensation Plans*, below.

The Company has a stock option plan for the granting of incentive stock options to the officers, employees and directors. The purpose of granting such options is to assist the Company in compensating, attracting, retaining and motivating the directors of the Company and to closely align the personal interests of such persons to that of the shareholders. The granting of incentive options allows the Company to reward directors' efforts to increase value for shareholders without requiring the Company to use cash from its treasury. The directors may be reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Compensation Risk Assessment and Mitigation

The Company does not have formal policies specifically targeting risk-taking in a compensation context. Board of Directors

The Board is currently composed of six (6) directors, and it is proposed that six (6) directors will be nominated at the Meeting.

Form 58-101F2 suggests that the board of directors of every listed company should be constituted with a majority of individuals who qualify as “independent” directors under NI 58-101, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. “Material relationship” is defined as a relationship which could, in the view of the Company’s Board, be reasonably expected to interfere with the exercise of a director’s independent judgment.

Of the proposed nominees, three (3) nominees, Ashwath Mehra, Kevin Keough, and Charles Greig, are considered “not independent”. Ashwath Mehra is a principal shareholder of the Company, Kevin Keough is the current President and CEO, and Charles Greig is the current VP Exploration. As such all three are considered “inside” or management directors. Each of the remaining three (3) proposed directors, Taj Singh, John Pallot and Charles Tarnocai, are considered by the Board to be “independent” within the meaning of NI 58-101. The Governance and Compensation Committee determines executive compensation from time to time.

Upon joining the Board, each director is provided with an orientation program regarding the role of the Board, its committees and its directors, and the nature and operation of the Company’s current and past business. They are also provided with a copy of the audit committee charter. The Board encourages directors to participate in continuing education opportunities in order to ensure that the directors may maintain or enhance their skills and abilities as directors and maintain a current and thorough understanding of the Company’s business.

Ethical Business Conduct

Corporate governance is the structure and process used to direct and manage the business and affairs of a corporation with the objective of enhancing shareholder value. The Board believes that the Company has in place corporate governance practices that are both effective and appropriate to the Company’s size and business operations.

To facilitate meeting this responsibility, the Board seeks to foster maintaining a culture of ethical business conduct and social responsibility as critically important. Management consistently strives to instill the Company's principles into the practices and actions of the Company's management and employees.

In that regard, the Board adopted a written **Code of Business Conduct & Ethics** (the "Code") for its directors, officers and consultants. A copy of the Code can be found on the Company website at www.gtgoldcorp.ca.

Nomination of Directors

The Board has established a Governance and Compensation Committee, the members of which are cited below. In circumstances where the Company needs to nominate new directors, current directors put forward candidates to the Governance and Compensation Committee for consideration and potential nomination as a director.

Compensation

Matters regarding compensation for Company directors and executive officers fall under the aegis of the Governance and Compensation Committee. In establishing fees or salaries for the Company's CEO, other executive officers and directors, consideration is given to salary ranges for comparable positions in similar size resource industry companies. Data for such comparisons is obtained from the evaluation of compensation against industry peers including those with a similar market capitalization, in the business of exploring for similar minerals in similar jurisdictions, and from reviewing similar other companies' compensation information included in their information circulars. In setting salaries within competitive ranges, the Company considers performance related factors including the Company's overall results during the past year and its performance relative to a budgeted plan or stated objectives. Consideration also is given to an individual's contribution to the Company and the accomplishments of departments for which that officer has management responsibility, and the potential for future contributions to the Company.

Other Board Committees

In addition to the Audit Committee, the Company also has:

- a Governance and Compensation Committee, the members of which are Taj Singh, John Pallot and Ashwath Mehra, with Ashwath Mehra acting as Chair; and
- a Technical Safety Committee, the members of which are Charles Greig (Chair), Kevin Keough and Taj Singh

Assessments

The Board has not yet established a formal performance review process for assessing the effectiveness of the Board, the audit committee or the individual directors. It is expected that the contributions of an individual director are informally monitored by the other Board members, having in mind the business strengths of the individual and the reasons for which the individual was nominated for appointment to the Board. The Company will continue to develop its approach to corporate governance in light of its own circumstances and what are recognized as best practices in this area.
